

ACIS 500 Series

drinkworks

The ACIS 520 Series of Point Of Use (POU, or plumbed-in) water coolers are a perfect fit for all corporate environments, combining minimalist design with excellent value for money.

The ACIS 520 Series is contemporary and stylish and is an environmentally friendly and cost-effective way of providing cold, ambient and hot water at the touch of a button. Available as both a free-standing or counter-top unit, the range offers hot and cold water as well as cold and ambient water.

- Built-in cup dispenser
- Intuitive push-tap controls
- 1.0 micron carbon block filter
- Ultra-durable premium quality external casing
- Easy to maintain and scuff resistant
- LG Compressor
- Enshrouded manual tap
- Valved water shut-off
- Energy efficient
- Lift-out drip tray for fast cleaning
- Optional in-line filtration device
