

## Oasis Tall RR

drinkworks

**The Oasis Tall RR is a sleek, low profile bottled water cooler perfect for any corporate environment.**

The Oasis Tall RR is an exceptionally cost-effective and feature-rich hot and cold water-dispensing bottled water cooler. It is one of the only water coolers on the market featuring a patented efficient in-water probe cooling system that chills the water from the inside out. It provides more efficient cooling and completely eliminates the common problems of condensation, sweating, rusting and icing.

- Removable dishwasher safe reservoir for easy sanitation
- Patented FreshGuard system eliminates spills during bottle changes
- One-piece polycarbonate scratch-resistant cabinet
- Self-closing, two-step hot tap protects children from burning themselves
- Stainless steel hot tank
- One-piece drip tray lifts out in seconds
- Cooler supplied with a cup dispenser
- Fascia cover protects the taps from contamination
