

borg & overström
UNITE

drinkworks

The borg & overström UNITE is the most stylish Point Of Use (POU, or plumbed-in) water cooler on the market today.

The mains-fed borg & overström UNITE is the epitome of style in a style-conscious corporate world. It is popular with SMEs and the world's largest brands and has been designed to encourage interaction with its fully open, lit dispense area. The UNITE is available in four water options – cold & ambient, hot & cold, cold & carbonated and hot & cold/carbonated.

- Ideal height for interaction
- Shrouded nozzle for hygienic protection
- Built-in leak detector
- Compact drip-tray drainage container with alarm
- Touch panel controls
- Dual integrated cup dispenser
- Integral and spacious storage
- Thermostatic control regulated
- Safety lock for hot water
- Stainless steel tank
- Silver trim
